## DEMANDS AND NEEDS STATEMENT

Whilst reading this Demands and Needs Statement, You may wish to refer to the Definitions in Section 2 of this document if there are phrases you do not understand.

Gadget insurance has been designed for customers who wish to insure their Gadget against Accidental Damage, Theft, Loss and Mechanical and Electrical breakdown.

The level of cover You have may vary depending on the Gadget covered and will be based on the options You selected when You purchased the insurance policy. An Excess fee will apply: this is the fixed amount for any insurance claim that You must pay in full before We process your claim.

You may already possess alternative insurance for some, or all of the features and benefits provided by this Gadget insurance policy. It is Your responsibility to investigate this.

We have only provided You with information and have not provided You with any recommendation or advice about whether this coverage for the Gadget meets Your specific insurance demands and needs.

Gadget insurance does not cover everything. You should read this insurance policy carefully to make sure it provides the cover You need.

What is not covered under this insurance policy:

- Pre-existing damage or fault with Your Gadget;
- Cosmetic damage;
- Damage as a result of wear and tear;
- Consumable parts;
- Gross Negligence;
- Damage caused by external events other than drop; fall; impact; liquid;
- Faulty software or software / data retrieval;
- Pixel defects not covered by the manufacturer's guidelines;
- Loss;

When making a claim, We may ask You to:

- verify if the Gadget is still covered by the manufacturer's warranty. If so, You will need to contact the manufacturer for any Mechanical Breakdown claim.
  - provide evidence of your Proof of Purchase of the Gadget when making a claim under this insurance policy.
- Please keep this document in a safe place.
- Provide Proof of Usage of the SIM enabled Gadget up to the time of the claim.

## IMPORTANT INFORMATION

In the event of a claim, You must give accurate answers to the best of Your knowledge, to the questions We ask. If You do not answer the questions truthfully it could result in Your insurance policy being invalid and could mean that all or part of a claim may not be paid.

### Contracts (Rights of Third Parties) Act 1999

We, the Insurer and You do not intend any term of this insurance policy to be enforceable by any third party pursuant to the Contracts (Rights of Third Parties) Act 1999.

### Cancellation Rights

If Your cover does not meet Your requirements, please notify Us within 14 days of receiving Your insurance policy confirmation. You may be eligible for a refund of your premium.

You can contact Us by calling 0333 999 7902 or writing to:

You may cancel the insurance policy at any time after the initial 14-day-cooling-off period. If You cancel following the 14-day-cooling-off period, Your cover will continue until the end of the month for which You have already paid, there will be no refund of Premium because You will only have paid for the cover You have already received.

### International Sanctions

This insurance policy will not provide any cover or benefit to the extent that either the cover or benefit would violate any applicable sanction, law or regulations of the United Kingdom, the United Nations, the European Union, United States of America or any other applicable economic or trade sanction, law or regulations.

## 6-Making a claim.

We understand that each claim can be very different. We will consider each individual set of circumstances before We make a decision.

### When can You first make a claim?

You cannot make a claim before the Policy Start Date of Your insurance policy. If your claim is for Electrical or Mechanical Breakdown and is during Your Gadget's warranty period, You will need to contact the manufacturer or seller of the warranty.

You can contact Us at Our e-claim portal [www.eclaimcity.com.uk](http://www.eclaimcity.com.uk) or email [burnettclaims@spbuk.com](mailto:burnettclaims@spbuk.com) or via phone 0333 999 7902.

- You must report Your claim within 30 days of the insured event so that the Gadget can be repaired and does not deteriorate further.
- If there is an unreasonable delay between the occurrence of the insured event and You notifying Us, We may adjust Your claim settlement in case Our obligations have increased due to the delay.
- You must make Your claim fully and truthfully and provide any further information We request from You.

When You contact Us We will let You know what information We require from You and at a minimum We will require:

- Your insurance policy information;
- A description of what occurred to Your Gadget;
- The Proof of Purchase of the Gadget (original invoice, receipts and any supporting documentation);
- **Specific Obligations in case of Theft**
  - Evidence of the damaged Gadget and/or the break-in or damage caused to Your property as a result of the Theft must be provided with Your claim. You must report the Theft of any Gadget to the police within 48 hours of discovery and obtain a crime reference number in support of a Theft claim. Please note any delay in reporting an incident to Your network/airtime provider or the police, may invalidate Your right to claim under the insurance policy. Lost property reports will not be accepted in support of a Theft claim.
  - For a Gadget stolen from any vehicle unless the Gadget was completely hidden from view within a glove compartment or boot, the vehicle's windows and doors had been closed and locked and all security systems had been activated and violent and forcible entry to the vehicle has been used. A copy of the repairer's account for such damage to the vehicle must be supplied with any claim.
  - For SIM enabled Gadgets: You must (and provide evidence of) upon request blacklist Your Gadget, where applicable, with Your telephone network provider.

What to do once Your claim is approved?

You should:

- Where possible, back up and delete any data in Your Gadget. We shall not be liable for the loss of any data howsoever caused. All Gadgets sent to be repaired will be wiped of any data before any action by repairs authorised by Us for confidentiality and data protection purposes.
- **FOR ALL GADGETS: Remove all screen locks and passcodes.**
- Remove and keep any additional objects such as SIM cards, Micro SD storage cards and cases.
- Pack the Gadget not in the original box as this will not be returned, but rather suitable comparable packaging to prevent further damage during shipping.

#### What happens if You or someone on Your behalf declare false or incomplete information?

- If You provide Us with incorrect or incomplete information, We may not provide cover for the claim.
- If You, or anyone acting on Your behalf, makes a claim which is in any way false, exaggerated or fraudulent or supports a claim with any false, exaggerated or fraudulent statements relating to the insurance risk or documents, You will lose all benefits and any Premiums You have paid for the insurance policy. We may also recover the cost of any successful claims We have settled under this insurance policy and later discovered to be fraudulent, from You. We may record this on anti-fraud databases and may also notify other organisations.

#### What happens to Your claim if You have multiple insurances?

- If You are entitled to compensation under another insurance policy, public scheme or obligation arising from a law or a regulation You should notify Us and We may decline Your claim. We will, however, cover You where it is eligible under this insurance policy for damage which is not covered by the other insurance policy, public scheme or legal obligation arising from a law or a regulation.
- If We do provide coverage up front at Your request, You assign Your right to compensation under another insurance policy, public scheme or any legal obligation arising from a law or regulation to Us.
- If You have more than one insurance that covers You for the same incident, You should only submit the claim to one insurer and provide details of any other insurance to that insurer. They will then contact anyone else who would have insured the Gadget for a contribution towards the costs.

#### Compensation claim against third parties / other insurers

In consideration for the payment of compensation and, up to its limit amount, We become beneficiaries of the rights and actions that You have or are entitled to against anyone liable for the claim. If, by Your act, We are no longer able to perform this action, We can be discharged of all or part of Our obligations towards You.

Where another person or legal entity is liable for anything covered by Your insurance policy We are entitled to request coverage directly from that other party or We may recover the costs We incurred from that other party (i.e. for repairing or replacing the Gadget).

#### Governing law and competent courts

The governing law is the law of Your Country of Residence and all communications and documentation in relation to this insurance policy will be in English. Any disputes arising out or in connection with the insurance policy shall be brought before the competent courts of Your Country of Residence.
